

# ACCESS TO BIRTH CONTROL JUST GOT EASIER

## MAKE JUST ONE STOP AT YOUR PHARMACY

Skip the doctor's appointment and get your birth control directly from your pharmacy! Our trained pharmacists can prescribe oral contraceptives quickly and conveniently, saving you time and hassle.

### **How does this work?**

After a brief consultation with our specially trained pharmacist, you'll have access to the birth control you need, all without leaving your neighborhood. It's healthcare made easy - no appointment necessary!

This service is available for cash pay or may be covered by your medical\* insurance. Ask your pharmacist today how you can take control of your reproductive health with the convenience of our pharmacy services OR register on your pharmacy's website to get started today.

\*Medical insurance is different from what your pharmacy already has on file for you. Please bring your insurance cards with you to your appointment.
