

THINKING ABOUT GOING TO URGENT CARE?

YOUR PHARMACY MAY BE ABLE TO SAVE YOU THE TRIP!

Get tested for strep throat, flu, RSV, or COVID 19 close to home at your local pharmacy.

Pharmacists can quickly diagnose and provide appropriate medications or treatment advice without the need to schedule a doctor's appointment or wait in long lines at Urgent Care. These tests are **fast, convenient, and accurate - get your results in minutes!**

These services are available for cash pay or may be covered by your medical* insurance. Ask your pharmacist to learn more about these services OR register online at your pharmacy's website to get tested today.

*Medical insurance is different from what your pharmacy already has on file for you. Please bring your insurance cards with you to your appointment.
